

Ladies and Gentlemen:

I derive a substantial benefit and satisfaction from listening to XM Satellite Radio, especially its traffic and weather channels.

Satellite radio provides variety and quality not available on AM or FM anymore. I choose to pay for these services and it should NOT be up to the National Association of Broadcasters to dictate what I am permitted to hear for the money that I pay!

I respectfully urge the FCC to reject NAB petition 04-160.

I demand and deserve your support.
